

Desenvolvendo RESTful APIs com Ruby on Rails

Jackson Pires

Render JSON & Fix Auto-Reloading

Fix Auto-Reloading

Fix Auto-Reloading

- `config/environments/development.rb`
 - `config.file_watcher = ActiveSupport::FileUpdateChecker`

Render JSON

Render JSON

- **Active Support JSON**

- `http://api.rubyonrails.org/classes/ActiveSupport/JSON.html`

- **Active Model Serializers JSON**

- `http://api.rubyonrails.org/classes/ActiveModel/Serializers/JSON.html#method-i-as_json`

Render JSON

- Root

- `root: true`

Render JSON

- **Only**

- `only: [:attribute]`

- **Except**

- `except: [:attribute]`

Render JSON

- **Map & Merge**

- `@contacts.map{ |contact|
 contact.attributes.merge({author:
 "jackson"}) }`
- `@contact.attributes.merge({author:
 "jackson"})`

Render JSON

- **methods**

- `methods: :your_method`

Render JSON

- `as_json`

- `def as_json`
