Desenvolvendo RESTful APIs com Ruby on Rails

Jackson Pires

Versionando os controllers

Versionando os controllers

```
/controllers/v1/contacts_controller.rb
/controllers/v2/contacts_controller.rb
```

Versionando os controllers

```
module V1
  class ContactsController < ApplicationController
    ...
  end
end
```

Versionando os controllers

Scope e Module

http://guides.rubyonrails.org/routing.html#controller-namespaces-and-routing

Versionando os controllers

Constraints

http://guides.rubyonrails.org/routing.html#segment-constraints

Versionando os controllers

Constraints

```
:constraints => lambda { |request|
request.params[:version] == "1" }
```
